Referenced Policies:

01.07.400

Referenced Forms:

DOC 0666 – Single or Concurrent Misdemeanor Sentences and Jail Credits

I. POLICY

It shall be the responsibility of the Record Office Supervisor at each correctional facility to ensure the timely calculation of misdemeanor sentences consistent with the provisions of 730 ILCS 130/1 through 130/3.1.

II. PROCEDURE

A. Purpose

The purpose of this directive is to establish a written procedure for the calculation of misdemeanor sentences.

B. Applicability

This directive is applicable to all correctional facilities within the Department.

C. Facility Reviews

A facility review of this directive is covered under the facility reviews conducted at least annually for Administrative Directive 01.07.400.

D. General Provisions

1. All available time credits shall be calculated to arrive at a custody date from which the sentence will be calculated.
2. Misdemeanor sentences entered in days, i.e., 364 days, 180 days, 90 days, etc., shall be calculated on a 30 day per month basis, with the number of days of the sentence being the numerator and 30 being the denominator.
3. Misdemeanor sentences entered in months, i.e., 3 months, 42 months, etc., shall have the projected discharge date determined by applying the established custody date to the appropriate matrix (Exhibit 2) as per Step 4 (B) (see Example 1).
4. Good time shall be awarded pursuant 730 ILCS 130/1 through 130/3 (see Exhibit 1).

E. Calculation

1. Sentence calculations required in accordance with this directive shall be completed using the Single or Concurrent Misdemeanor Sentences and Jail Credits, DOC 0666.

| Number: 01.07.461 | Title: Single or Concurrent Misdemeanor Sentences and Jail Credits | Effective: 12/1/2021 |

2. Obtain from the mittimus the sentence and any orders pertaining to sentence credit and then proceed as follows:
 - a. If the mittimus orders a specific number of days credit, convert the number of days credit by dividing by 30, record the results in Step 3, line total jail credits, and continue the calculation.
 - b. If the mittimus orders the sentence to commence on a specific date, record the date the sentence is ordered to commence in Step 4, line new custody date, and continue the calculation.
 - c. If the mittimus does not indicate sentence credit and:
 - (1) If the jail credit verification report is not available, record the sentence date in Step 4, line new custody date, and continue the calculation.
 - (2) If the jail credit verification report indicates the individual in custody has been in continuous custody, record the date the report indicates as the custody date in Step 4, line new custody date and continue the calculation.
 - (3) If the jail credit verification report indicates the individual in custody has been released on bond on one or more occasions, record in Step 1(A) the date released on bond and the arrest date. Subtract to determine the jail credits. Add 1 day, as this assures credit for the first and last dates of custody. If there was more than one arrest and release on bond, complete Step 1(B).
3. Record the jail credits arrived at in Steps 1(A) and 1(B) and add to determine total jail credits.
4. Record the old custody or sentence date as determined and the total jail credits determined in Step 2. Subtract to determine the new custody date.
5. For the sentence in:
 - a. Days: Record the new custody date as determined in Step 3 and add the misdemeanor sentence less statutory good time per Good Time tables in Exhibit 1. Add or subtract any previous time lost or awarded to determine the projected discharge date.
 - b. Months: Select the matrix, Exhibit 2, according to the month of the established custody date. Proceed to the extreme left-column and select the day of the month of the custody. Select the appropriate sentence column. The discharge date shall be the date identified where the custody day and sentence column intersect (see Example 1). On the DOC 0666, record the projected discharge date determined.

NOTE: Results of the calculations shall be shared with the individual in custody.

| Illinois Department of Corrections Administrative Directive | | Page 18 of 18 |
| Number: 01.07.461 | Title: Single or Concurrent Misdemeanor Sentences and Jail Credits | Effective: 12/1/2021 |

EXAMPLE #1

For example, if the individual in custody has a custody date of January 13, serving a five (5) month sentence, refer to the chart with the January heading. The extreme left-hand column contains the days of the month. Go down the column to find the appropriate date, "13". Next, select the sentence column of five (5) months. The projected discharge date will be identified where the sentence column intersects the day column.
